### **FAQS**

#### **What if I can't make a lecture?**

Don't sweat it. Make-up lectures are available, so long as you tell us in advance when you are missing lecture.

#### **This schedule doesn't work that well for me. Can I request another course schedule?**

Of course! Email [info@scholarsforstudents.com](mailto:info@scholarsforstudents.com) if you would like to set up an alternative schedule. We are VERY flexible with scheduling.

#### **What if I can't make a practice test?**

You are allowed to take practice tests at home. HOWEVER, we STRONGLY encourage students to take them with the class and will not allow you to take a practice test at home simply due to convenience.

#### **Is financial aid available?**

Yes! Email [info@scholarsforstudents.com](mailto:info@scholarsforstudents.com) if you are interested in financial aid.

**Is the class going to be awesome?**

Every single student that took our class last summer -- literally every single one -- responded on a survey that they would recommend our classes to other students. You can download the actual reviews on the SAT classes page.
